

**General Specifications**

F.I.G. specification beatboards and airboards are used for competition and training. Components are formed from high quality veneers of European Beech timber laminated under extreme pressure and temperature. The top board is curved to give maximum height and lift at take off point. The take off area is padded and carpeted in a contrasting colour to the blue mats and vault runs. Legs are fitted with non-marking, non-skid feet.

Foam beatboards are designed for a variety of fun activities and skill training for recreation gymnastics, kindergym and primary schools.

**Safety**

Check beatboards regularly to ensure they are in good order and safe to use. Repair or replace damaged parts.

**1**  
A3-45 **Beatboard - International, 8 Spring, F.I.G. dimensions**  
Fitted with conical springs. Some springs are removable to adjust rebound.

**2**  
A3-40 **Beatboard - Stratum**  
Fitted with conical springs. Some springs are removable to adjust rebound.

**3**  
A3-50 **Beatboard - Super International/F.I.G. Specification**  
Fitted with unique ACROMAT "Semi elliptical spring system" with full width timber giving uniform stable take off for vaulting. Conical springs at front provide additional stability and rebound.  
Length: 1200mm  
Width: 600mm  
Height: 200mm

A3-27 **Beatboard - International/F.I.G. Specification**  
Similar to A3-50 but with spring system for lighter gymnasts.

**3a**  
A3-28 **Beatboard Foot - Rubber - Replacement**  
Moulded non-slip, non-marking tapered ribbed rubber. Easy fixing with two screws. Size: 140mm x 70mm

**4**  
A3-14 **Airboard**  
Original ACROMAT system. Fully adjustable rebound by altering the pressure in the air bags - suits all gymnasts. Guided travel system - torsion stabiliser ensures smooth even take off for vaulting.

**4a**  
A3-22 **Airboard Air Bags and Fittings - Replacement**  
Two air bags with hoses.

**5**  
A3-3 **Beatboard - 3 Coil Spring, Steel Base**  
Plywood top board with carpeted take off area. Steel base has non-slip rubber. Centre spring is removable when used by smaller children. Recommended maximum gymnast weight 40kgs.

**6**  
A3-60 **Beatboard - Foam - Gym Fun**  
High density Acrolite foam covered with fire retardant vinyl.  
Length: 1200mm  
Width: 600mm  
Height: 200mm
