

General Specifications

ACROMAT rope track system is designed to allow a ladder, trapeze or rings to be added to the track. These are ordered separately.

A heavy duty track is attached to a structural member by clamps X4-600 or X-601. Roller hangers are connected to the ropes. The hanger allows the rope to move freely in all directions and provides long lasting bearing surfaces.

The hauling rope on pulleys moves the ropes to the working position where it is fixed by a cleat mounted on the wall. Correct spacing between ropes is maintained by 5mm D chain shackled to hangers. A wall bracket and chain holds the ropes to the wall when stored.

Installation

When ordering rope equipment please supply details and size of the support member or drawing of the building. ACROMAT's trained engineers will design and supply all fittings required for installation.

Safety

Check ropes and all fittings regularly. Ensure they are in good condition and safe to use. Repair or replace all damaged parts.

Rope Tracks

No. of ropes	Track Length (mm)	Acromat Code
4	3300	A5-24
5	4050	A5-25
6	4800	A5-26
7	5550	A5-27
8	6300	A5-28
9	7050	A5-29
10	7800	A5-30

1a

A5-40 to 43 **Climbing Rope - Sisal**
Rope 32mm D is a soft laid three ply rot-proofed sisal. The top of the rope has a steel clamp bolted and riveted forming a closed loop. A vinyl sock is spliced and sewn at the bottom of the rope to prevent fraying. Please advise length when ordering.

A5-49 **Climbing Rope - Knotted**

Ideal for primary school and kindergym activities. Knots at 300mm centres make climbing easier and more fun for small children.

1b

A5-18 **Ladder - Add to Rope Track**
Roller hangers on extended rope track support rope ladder A5-16. Track length: 1080mm

A5-16 **Ladder**
Webbing 50mm, supports hardwood rungs 25mm D at 300mm centres.

1c

A5-19 **Trapeze Bar - Add to Rope Track**

Hangers and 5mm D steel cable on extended rope track support the trapeze bar with adjustable webbing straps A10-48. Track length: 1250mm

1d

A5-20 **Rings - Add to Rope Track**
Hangers on extended rope track support the rings with adjustable webbing straps A10-2. Track length: 1750mm
